DETAILED ACTION

Response to Arguments

The applicant's amendment filed 9-13-04 overcomes the examiner's prior art rejection. Claims 44-45 and 48 allowed.

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance:

1. The applicant has amended per the examiner's recommendations. Hence the examiner allows the claims since they recite highly specific designs where are not found in the prior art of record and appear novel in the examiner's opinion.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
